

Tristan Anglin

35 Greatwood Cres, Ottawa, ON K2G6T6

613-986-5142 | tmanglin00@gmail.com

Portfolio: tristananglin.github.io

Summary

- **C++ Systems Developer:** High-Achieving developer (3.86 GPA) specializing in high performance application architecture and memory management.
- **Graphics & Logic:** Experience in building custom 2D and 3D rendering pipelines and managing complex coordinate transformations and UI frameworks.
- **Technical Mentor & Lead:** Proven ability to lead multidisciplinary teams, perform rigorous peer code reviews and maintain production level codebase stability.

Education

Sept 2023 – Present

Algonquin College, Ottawa, ON

Advanced Diploma in Game Development

- **Awards:** Dean's List Honor Roll (All Semesters) with a **3.86 GPA**.
- **Coursework:** C++, C#, JavaScript, Game Engines (Unreal, Unity), Technical Writing.

Experience

Lead UI & Systems Developer – Blood & Lineage

Algonquin College – Ottawa, ON | Sept 2025 – Present

- Directed the technical roadmap and systems integration for a high-performance interactive application, managing a multidisciplinary team of 11.
- Engineered a modular UI framework and data-bound systems scaled for multiple resolutions.
- Architected networking logic for 4-player co-op, including session hosting and player handshakes.
- Managed version control and build stability for an 11-person team using GitHub and Jira.

Peer Tutor & Program Assistant

Algonquin College – Ottawa, ON | Sept 2024 – Present

- Mentored developers in detecting and avoiding logical errors in complex C++ and C# scripts, emphasizing memory safety and performance.
- Conducted rigorous peer code reviews to ensure excellence in logic, maintainability, and adherence to industry standards.
- Translated complex programming concepts and systems architecture principles into clear, actionable technical guidance for peers.

Laborer

Ottawa Lawn and Yard Services – Ottawa, ON | September 2023 – October 2024

- Conducted grass cutting and yard cleanup efficiently and consistently.
- Developed problem-solving and critical thinking skills while adapting to dynamic work environments.
- Efficiently managed time and coordinated tasks, ensuring the completion of projects on schedule.
- Worked with a team to ensure high-quality standards were maintained and projects were delivered successfully.
- Communicated effectively with clients, strengthening client relations and teamwork skills.

Laborer

Thunderbolt Contracting – Ottawa, ON | July 2023 – September 2023

- Built the foundation for a pond in a neighbourhood by shaping the soil and planting trees.
- Demonstrated strong technical skills while using machinery, such as a skid steer.
- Utilized laser levels to maintain precise measurements.

Loader/Helper

Quinn's Tree Services – Ottawa, ON | October 2022 – July 2023

- Operated the woodchipper on a two-man crew.
- Developed safety and risk management skills, ensuring proper equipment operation.
- Collaborated with a team to meet objectives.

Cashier / Customer Service

RONA – Ottawa, ON | September 2020 – October 2022

- Gained experience working with customers to resolve issues.
- Tasked with various responsibilities, demonstrating the ability to multi-task and adapt.
- Operated the forklift in the Stoneyard during the summer, providing valuable customer assistance.
- Stationed at the returns desk, commercial desk, or lumber desk during winter operations.

Grocery Clerk

Ross's Your Independent Grocer – Ottawa, ON | July 2019 – August 2019

- Quickly learned the location for each object in the store to efficiently stock shelves.
- Provided customer assistance and direction.

Co-op Student

Rogers TV – Ottawa, ON | July 2017 – August 2017

- Completed a co-op placement involving mobile equipment setup and teardown.
- Operated video cameras independently for local Ottawa sports events.

Paper Delivery Person

Ottawa Flyer Force – Ottawa, ON | July 2012 – August 2016

- Collated and distributed advertising flyers to residential routes.

Jan 2024 – Present

Girls Who Game (Dell Technologies)

Volunteer

- Evaluated student coding projects and provided constructive feedback to foster STEM growth.
- Streamed virtual Esports tournaments, managing live technical execution and troubleshooting in the streaming app space.

Functional Skills

Programming & Technical Architecture

- **Languages:** Proficient in JavaScript/TypeScript, C++, C#, Python, Java.
- **System Design:** Experienced in architecting server-authoritative RPCs and networked 4-player co-op logic.
- **Frameworks:** Engineered modular UI frameworks and data-bound systems using Unreal UMG and Unity.

Art & Audio Design

- **Digital Media:** Skilled in Illustrator, Photoshop and 3DS Max / Blender for asset creation.
- **Streaming & Capture:** Knowledgeable in OBS Studio for live technical execution and virtual tournament broadcasting.
- **Sound Design:** Proficient in Adobe Audition and Premiere Pro for producing gameplay trailers and cinematic cutscenes.

Tools & Workflow Management

- **Engines:** Advanced development experience in Unreal Engine and Unity.
- **Version Control:** Skilled in repository management and build stability using Git/GitHub and Bitbucket.
- **Agile Methodology:** Utilized Jira for professional task tracking and sprint management in 11-person team environments.

Instructional & Technical Support

- **Debugging:** Proficient at analyzing complex codebases to detect, locate, and avoid logical and syntax errors.
- **Feature Estimation:** Experienced in providing time and complexity estimations for technical development tasks.
- **Technical Communication:** Skilled at translating complex programming concepts and logic into clear, actionable advice for peers.

Academic References

Konstantin Titov | Coordinator/Professor, Game Development Program 613 727 4723 Ext 2412 Algonquin College | 1385 Woodroffe Avenue | Ottawa | Ontario | K2G 1V8 | Canada

- Konstantin has overseen my development since 2023, observing my progress from an entry-level student to a technical leader. He can speak to my 3.85 GPA and my performance as a Peer Tutor and Program Assistant, where I provide technical mentorship to my peers.

Dushan Horvat | 3rd year Coordinator/ Professor, Algonquin College | 1385 Woodroffe Avenue | Room J315B | Ottawa | Ontario | K2G 1V8 | Canada

- Dushan has been a key mentor during my final year, providing critical guidance on game scope and project management. His oversight was instrumental in helping me navigate the complexities of full-cycle development, ensuring my projects remained both ambitious and achievable.

Work Reference

Ryan McDonald

Former Supervisor | RONA | 613-406-2125 | RyanMcDonald@gmail.com

- Ryan was my direct supervisor during my time at RONA, where I developed my skills in team collaboration and client-facing communication.
